### ENVIRONMENT EDUCATION PROGRAMME (EEP)

Forest and Environment Department, Government of Sikkim

Sponsored by: Ministry of Environment, Forests and Climate Change, Government of India

2025-26 | Volume 2 | ISSUE 4 | JULY 2025

#### The Green Quiz

As a part of Environment Education Programme, Sikkim Forest and Environment Department organized The Green Quiz, a 7-episode televised show broadcasted in a reputed media house The Sikkim Chronicle with the support of State Pollution Control Board Sikkim. Designed to engage and educate, the quiz witnessed enthusiastic participation from 91 senior secondary government schools across the State. After a highly competitive preliminary round and a series of intellectually stimulating episodes, Tharpu Government Senior Secondary School emerged as the winner. The Green Quiz stands as a shining example of how education and awareness can drive meaningful change for a greener future. The award ceremony was held during the culmination event of Sikkim Paryavaran Parva (July 1-14) on July 14 at Manan Kendra graced by the Hon'ble Chief Minister of Sikkim.

#### Sikkim Paryavaran Parva 2025 (July 1-14)

The 3<sup>rd</sup> edition of Sikkim Paryavaran Parva with the theme 'Leave a Green Legacy', a fortnightly environment festival observed in the state during July 1-14 was participated by School Eco-Clubs with great zeal and enthusiasm. The students and teachers engaged in various Mission LIFE aligned activities.. Students took part in a Green Walk with placards and slogans, adopted plants, and showcased creativity through a "Best out of Waste" exhibition, art competition and a Spelling Bee contest on environment themes. On Mother Earth Day, Eco Club members cleaned key areas and built a bamboo barrier to protect plants—promoting sustainability and a lasting green message.

#### Ek Ped Maa Ke Naam

Under the "Ek Ped Maa Ke Naam 2.0" campaign of Mission LIFE, Sikkim Eco Club schools planted around **1,500 saplings** across the school campus. Students, teachers, and parents actively took part in digging pits, planting trees, and spreading awareness. This heartfelt initiative honored both **Mothers and Mother Earth**, building emotional connections and a sense of responsibility. Eco Club members will now care for the saplings, ensuring their healthy growth and long-term impact.

#### Chunthang School converts its open areas into a cultivable land

Chunthang School in Mangan District had suffered a significant impact by a flash flood during October 2023. In a continuous strive post this traumatic incident, the school now has successfully completed a beautification project with the support of students and staff. The school's open yard and backyard is now converted into green plots for kitchen garden to support PM POSHAN aiding nutrient to the mid-day meal with local vegetables. Flowering saplings and herbal plants have also been planted for regaining the aesthetic beauty and for aided hands-on learning promoting sustainability and environment education.
